

Personalized Digital Literacy Programme (PDLP)

Parents' Engagement

Webinar Session 24 & 25 February 2021

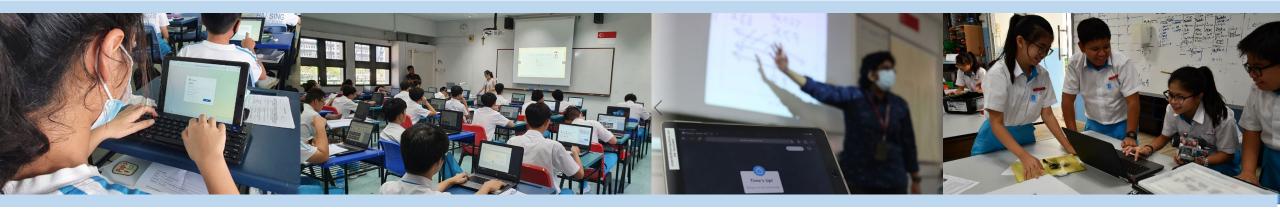

The National Digital Literacy Programme (NDLP)

Digital Technology is becoming increasingly pervasive in jobs, workplaces and society.

Strengthening Digital Literacy

In an increasingly digitalised world, it is essential to equip students to thrive in a digital society and take on the jobs of the future. The NDLP was launched in March 2020 to make digital learning inclusive by equipping students with the digital literacies to be future-ready.

The National Digital Literacy Programme (NDLP)

The NDLP aims to equip our students with digital skills across four components in the "Find, Think, Apply, Create" framework, at different stages of their education journey.

FIND

THINK

APPLY

CREATE

Gather and evaluate information, and use digital resources in a safe and responsible manner.

Interpret and analyse data, and solve problems.

Use software and devices to facilitate the use of knowledge and skills in different ways.

Produce digital products, and collaborate online.

Personalised Digital Learning Programme

Personalised Digital Learning Programme (PDLP) is part of the NDLP efforts which all secondary school students will own a school-prescribed personal learning device (PLD) by end 2021. This will enable schools to enhance teaching and learning through e-pedagogy and personalising students' learning experience.

PDLP in HSC

Intended outcomes

Support the Development of Digital Literacies

Support Self-Directed and Collaborative Learning

Enhance Teaching and Learning

Your child's Personal Learning Devices

At Hai Sing Catholic School, your child will be using the Chromebook – Lenovo 500e Chromebook (2nd Gen).

Estimated Total Cost of Chromebook + Relevant Accessories (with GST) \approx \$600

The school chose the device because of:

- Teaching & Learning Affordances
- Affordability
- Portability
- Durability

For MORE information on the "Lenovo 500e Chromebook", please click on the link: https://youtu.be/dRABMYgoQY0

Lenovo 500e Chromebook

Intel N4100 processor
4GB RAM
64GB Storage
11.6" Screen Size
1.31 KG
+ accessories (mouse and bag and stylus)

What are the uses of Personal Learning Devices?

Technology infused lesson to promote active learning in all subjects

Support Blended Learning –

HBL (Out-of-School) & Physical lessons

(in School)

Applied Learning Programme (ALP) in STEM

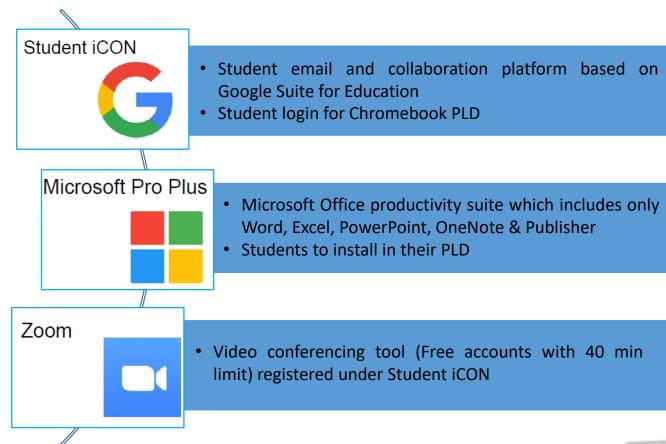

Interdisciplinary
Group & Collaborative Work

What else your child will receive...

Lenovo 500e Chromebook

Insurance Coverage and Warranty

Device Bundle includes the device, associated accessories, insurance and warranty as well as courier service by Contractor for damaged devices.

*** Base Device bundle comes with 1-year insurance and 1-year warranty

*** Enhanced Device bundle comes with 3-year insurance and 3-year warranty

Insurance Coverage	Claimable
 Fire Lightning Power Surges Accidental e.g water spillage, drop etc. Theft due to forcible entry Robbery 	1 repair or 1 replacement (1-year insurance)2 repairs or 1 replacement (3-year insurance)

Financial Support For Students

- Singapore Citizens were provided one-time Edusave top-up of \$200 in April 2020 (on top of the \$290 provided each year).
- Singapore Citizens who do not qualify for subsidies will be allowed to draw down from Edusave Account without cap to reduce out-of-pocket expenses
- MOE-FAS students shall be automatically included for subsidies.
- All students and families who might require financial assistance should contact the school's general office to enquire at 6582 7864.

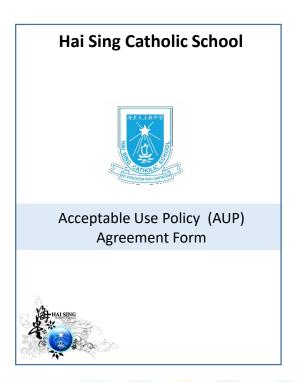

Device Use Policy and Technology Acceptable Use Policy

Every student, together with his/her parent will need to sign an "Acceptable Use Policy" (AUP) Agreement Form as part of the PLD use in school requirement.

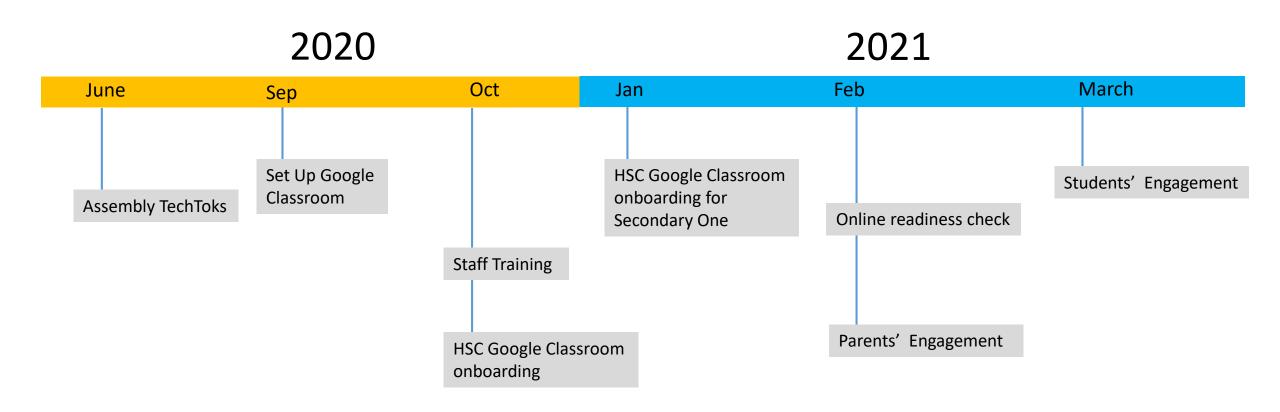

Chromebook Policy Handbook Sign-Off and Student Pledge

- I will take good care of my Chromebook.
- I will never the two Chromebook unattended in an unsecured or unsupervised location.
- I will know here my hromebook is at all times.
- I which arge by Chromebook's battery to full capacity each night.
- I will so bod and beverages away from my Chromebook since they may cause damage to the device.
- I will not disasse the argust of my Chromebook or attempt any repair.

School's Gearing Up Efforts

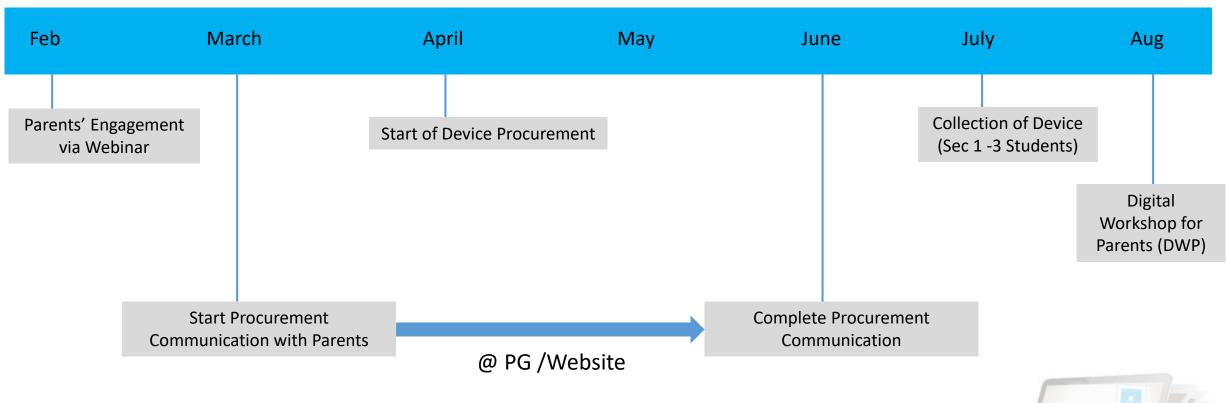

School's Timeline

2021

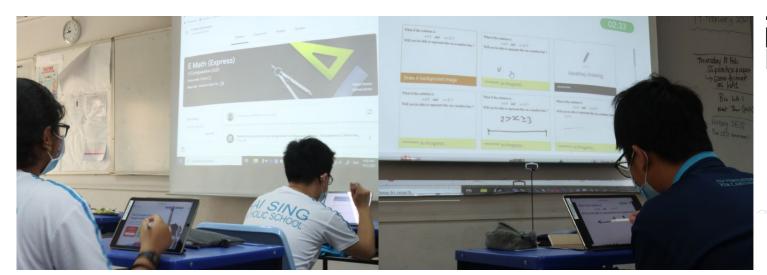

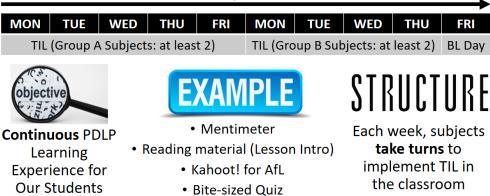

Technology Infused Lesson (TIL) & Blended Learning (BL)

Efforts to enhance our students' learning experience through the use of PLDs include

- Technology Infused Lessons (TIL) with intentional learning outcomes will be integrated with day-to-day lessons to support curriculum delivery.
- Blended Learning (BL) from Term 3 onwards where there will be a mix of home-based (out-of-school) and in-school activities that tap on technology to enhance learning experiences.

In a two-week cycle in 2021 Term 3

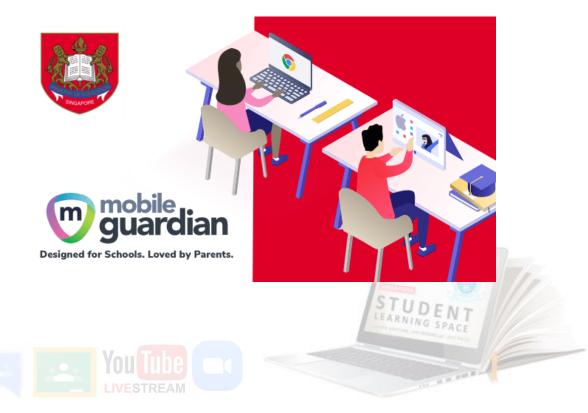

Supporting Students in Responsible Use of the Devices

The school will put in place necessary measures to enable a safe and seamless learning environment for our students and parents are our most important partner.

A. Educating students on Cyber Wellness

B. Device Management Application (DMA)

Cyber Wellness Education

A. Educating students on Cyber Wellness

Character and Citizenship Education (CCE) is at the heart of education in Singapore and Cyber Wellness (CW) education has been an increasingly important feature of today's CCE lessons.

Topics covered in the Cyber Wellness lessons include:

- Cyber Use
- Cyber Identity
- Cyber Relationships
- Cyber Citizenship
- Cyber Ethics

In addition, through various programmes in school, students will continue to learn to be **respectful**, **safe**, **and responsible users of technology**.

Cyber Wellness Education

As parents, you can also play a part.

- Model good digital habits for your child
- Know your child well, and have conversations with your child about safe and responsible use of technology
- Set ground rules for internet use
- Navigate the internet together to understand their usage

To support you in keeping your child safe online, you may refer to these resources:

- go.gov.sg/moe-cyber-wellness
- https://beta.moe.gov.sg/programmes/cyber-wellness/
- go.gov.sg/better-internet-sg
- sure.nlb.gov.sg/
- help123.sg

"How do we ensure that our young make the right choices, and survive well in the online world? (...) Schools can work with parents and make a big difference."

- Minister Ong Ye Kung, Committee of Supply Debate 2020

MOE recently announced that:

More time will be spent discussing Cyber Wellness during Character and Citizenship Education lessons.

Students will learn skills to navigate the online space confidently, and use technology healthily.

Want more parenting resources? (Click here to tell us what you'd like to see.

Device Management Application (DMA)

MOE and schools will centrally manage the devices to allow students to optimally and safely access SLS and internet resources with the use of DMA, to create a safe and conducive digital learning environment for our students while supporting them in their learning through the use of PLDs:

- Equips teachers with tools to manage students' PLDs for effective T&L to take place in the classroom, during lessons
- Also supports monitoring for inappropriate content and screen time control

In the Classroom

Device Management Application (DMA)

B. Device Management Application

Device management application (DMA) software will be installed on your child's device to provide a safe learning experience for your child, and to prevent misuse of the device.

Mobile Device Management Service

- Administration
- · Device Enrolment
- Access and Provisioning Requirement
- Content Filtering, Policies and Rules Assignment
- Device Security and Compliance Enforcement
- Device Settings and Configuration Profiles
- · Inventory and Report

Managed by:

- MOE HQ
- School DMA Admin

Classroom Management Service

- Manage and control of student-owned devices during curriculum time
- Launching of specific applications and/or websites
- · Sharing of content
- Eyes Up / device lock-down

Managed by:

Teachers

Usage Management Service

- · Screen time control
- · Application filtering
- · Content filtering
- Monitoring of usage and activities

Managed by:

- School DMA Admin
- Parents

*** Should parents wish to exercise control, they will need to provide their email addresses for account setup.

Coming Soon... Digital Workshop for Parents

The school will be launching an annual Digital Workshop for Parents (DWP), which aims to strengthen our partnership with parents to help our students develop the skills and dispositions necessary for an increasingly digitised world:

- 1. Update parents of keys programmes related to Educational Technology (EdTech) and Cyber Wellness
- 2. Help parents understand the importance of instilling routines so that students achieve learning objectives
- 3. Maintain open channels of communication with parents on PDLP related and other EdTech matters
- 4. Invite Tech savvy parents to conduct workshops or share good practices with other parents

"It takes a village to raise a child."

School-Home Partmership

School's PDLP Website

The school has set up a PDLP Webpage in the school's website to keep all stakeholders updated on relevant information (including PLD procurement timeline) and Frequently Asked Questions (FAQs) related to PDLP implementation.

If you have any queries, you may post your questions using this platform and the PDLP Team will try their very best to address them.
