Subjects	Instructions and Assignments
English	Students will complete the four lessons on SLS. Each lesson has a duration of 1-hour. Students will listen and view a recount, then respond to questions to check for understanding. They will then proceed with a grammar practice that focuses on the skills needed for a personal recount. Next, students will read a recount, then give a personal response to check for understanding. Finally, they will interview parents to share a recount, then write it down for submission.
Higher Chinese	Students will learn the skill of character description.
Chinese	1) Email writing (focus on elaborate the viewpoints) 2) R&C Open-end questions (Focus on understanding the question) 3) Oral practice (focus on linking to life experience)
